

Installation of New Water Mains

What	Replacement of existing cast iron and A.C. pipes with new PVC mains and installation of new water services and fire hydrants.
When	Construction will commence on June 26, 2017 with completion expected by the end of August 2017. The working hours are from 7:00AM to 4:00PM.
Where	The new pipeline will be installed along New Ave. from Whitmore St. to Hellman Ave. with tie-ins to existing waterlines east of New Ave. in Hellman Ave., Emerson Ave., and Whitmore St.
What to Expect	Construction crews with backhoes, dump trucks, crew trucks and hand tools will be digging along the new pipeline alignment. The services will usually be installed using an air compressor and pneumatic boring tool. The streets will generally remain open to traffic during the construction period; however there may be periodic closures. Parking may be restricted and access to driveways may be limited for short durations of time. The construction crews will make every effort to keep dust to a minimum. Please expect an increased level of noise during the construction period. Weekly activities such as trash pick-up will not be interrupted. As sections of the new main are completed crews will disinfect the main. This step is necessary to protect public health and to ensure compliance with the Waterworks Standards. Following the disinfection period, crews will flush the chlorinated water and any construction related sediment from the main. Crews will dechlorinate the water before discharge. Generally, as underground activities are completed the crews will progress to the next underground sections and come back near the end of the project to perform landscape and hardscape restoration as well as perform final street paving.
Contacts	<p>If you have any questions or concerns about the construction activities for this project, please call the Golden State Water Company Customer Service Center at (800) 999-4033.</p> <p>關於詳情, 請致電 (626) 569-2292 Để BIẾT THÊM CHI TIẾT, XIN GOI (626) 569-2292</p>

Golden State Water Company thanks you for your patience while we work to improve your water system.

At Golden State Water Company, it has been all about water for more than 80 years. Our team of professionals delivers reliable, quality water and great service to customers in 75 communities across California.
