

Schedule No. AA-4  
All Districts  
Private Fire Protection Service

**APPLICABILITY**

Applicable to all water service rendered for private fire protection purposes.

**TERRITORY**

Applicable within the Arden-Cordova, Barstow, Bay, Calipatria-Niland, Clearlake, Desert, Los Osos, Metropolitan, Orange County, Claremont, San Dimas, Santa Maria, San Gabriel Valley, Simi Valley, and Wrightwood Districts. (T)

**RATES**

Per Meter  
 Per Month

For each inch of diameter of service connection..... \$ 6.50 (I)

**SPECIAL CONDITIONS**

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF. (L)
2. The customer will pay, without refund, the entire cost of the private fire service.
3. The private fire service facilities shall be installed by the utility or under the utility's direction and shall be the sole property and subject to the control of the utility, with the right to alter, repair, replace and the right to remove upon discontinuance of service.
4. The minimum diameter for the private fire service connections will be 2 inches. The maximum diameter shall not be larger than the diameter of the main to which the private fire service facilities are attached unless said main is circulating, in which case with the approval of the utility the maximum diameter may be larger by not more than 2 inches than the diameter of said circulating main.
5. If a water main of adequate size is not available adjacent to the premises to be served, then a new main from the nearest existing main of adequate size will be installed by the utility at the cost of the customer. Such cost shall not be subject to refund.
6. The private fire service facilities will include a detector check valve or other similar device acceptable to the utility which will indicate the use of water. The facilities may be located within the customer's premises, or within public right of way adjacent thereto. Where located within the premises, the utility and its duly authorized agents shall have the right to ingress to and egress from the premises for all purposes related to said facilities. In the event the installation is solely a private fire hydrant facility, the requirement for detector check valve or other similar device may be waived.
