

## More than \$1.2 Million scheduled to be invested in Bay Point

Golden State Water is committed to responsibly maintaining the local water infrastructure to ensure we can continue providing customers with premium water service. These investments protect the safety and reliability of the local water system.

### Benefit to Customers

Below are two of the major projects planned for the Bay Point Customer Service Area in 2022. For additional project details, please visit [www.GSWater.com/bay-point](http://www.GSWater.com/bay-point).

#### Project Name: Initial Phase of Bay Point System-wide SCADA

**Construction Summary** The initial phase of the Bay Point system-wide Supervisory Control and Data Acquisition (SCADA) upgrade will consist of replacing outdated servers at the Hill Street Plant Control Building.

**Project Rational** The project is required to ensure the continued reliability and quality of service to local customers by replacing SCADA equipment components that have reached the end of their useful life.

**Working Hours** Monday through Friday | 7 a.m. – 4 p.m.

**Anticipated Project Timeline** January 2022 through March 2022

**Project location** 38 Hill Street in Bay Point

#### Project Name: Evora Reservoirs 1 and 2 Cathodic Protection Systems

**Construction Summary** Construction crews will work to install new cathodic protection systems on Evora Reservoirs 1 and 2.

**Project Rational** The project is required to ensure the continued reliability and quality of service to local customers by extending the service life of our existing water storage facilities.

**Working Hours** Monday through Friday | 7 a.m. – 4 p.m.

**Anticipated Project Timeline** February 2022 through March 2022

**Project location** 4800 Evora Road in Bay Point

Companywide, an investment of more than \$18 million to replace old meters, services, safety equipment, etc. will be made throughout GSWC service areas. This investment is critical to protect the quality and reliability of water service.

Golden State Water also remains focused on investing to modernize the customer service experience with improved online and account management resources.
