

## More than \$10.6 Million scheduled to be invested in Central Basin West

Golden State Water is committed to responsibly maintaining the local water infrastructure to ensure we can continue providing customers with premium water service. These investments protect the safety and reliability of the local water system.

### Benefit to Customers

Below are two of the major projects planned for the Central Basin West Customer Service Area in 2022. For additional project details, please visit [www.GSWater.com/Central-Basin-West](http://www.GSWater.com/Central-Basin-West).

#### Project Name: Crafton Avenue AMR

**Construction Summary** Construction crews will work to install approximately 8,000 L.F. of 8-inch PVC pipe to replace the existing old 4-inch and 6-inch pipes, as well as 17 new fire hydrants, and 325 domestic services.

**Project Rational** This project is required to ensure providing continued reliability and quality of service to local customers by abandoning existing old pipelines that are reaching the end of their useful life.

**Working Hours** Monday through Friday | 8 a.m. – 4 p.m.

**Anticipated Project Timeline** October 2022 through May 2023

**Project Location** City of Bell's Public Right of Way

#### Project Name: Prince Avenue AMR

**Construction Summary** Construction crews will work to install approximately 7,700 L.F. of 8-inch PVC pipe to replace the existing old 4-inch and 6-inch pipes, as well as 17 new fire hydrants, and 258 domestic services.

**Project Rational** This project is required to ensure providing continued reliability and quality of service to local customers by abandoning existing old pipelines that are reaching the end of their useful life.

**Working Hours** Monday through Friday | 8 a.m. – 4 p.m.

**Anticipated Project Timeline** April 2022 through November 2022

**Project location** Florence Graham Unincorporated Area of LA County's Public Right of Way

Companywide, an investment of more than \$18 million to replace old meters, services, safety equipment, etc. will be made throughout GSWC service areas. This investment is critical to protect the quality and reliability of water service.

Golden State Water also remains focused on investing to modernize the customer service experience with improved online and account management resources.
